2001  Invited by the Royal College of Nursing to be a member of a specialist advisory group to review and comment upon the draft of an evidence-based resource pack and audit tool re: RCN pilot audit project on pressure ulcer risk assessment and prevention

2001 - ongoing  Invited to be a judge for the Annual National Wound Care Awards organised by the various professional journals of EMAP Communications, London

2002  Appointed to the Editorial Advisory Board of the Journal of Community Nursing, PTM Publishers, Sutton

2002  Attended Tissue Viability Society (TVS) Annual Conference (2 days) as a delegate (Blackpool)
2003 Nominated by the RCN and appointed to the NICE GDG (Guideline Development Group) re: Pressure Ulcer Prevention and Pressure Relieving Devices: Guideline Published October 2003

2003 Attended Tissue Viability Society (TVS) Annual Conference (2 days) as a delegate (Blackpool)

National Profile (continued):
2003 Presented a paper, “Wound Debridement Techniques” at the 4th UWMEF Conference - Cardiff

2004 Presented a paper, “Joint initiative = positive outcomes” at the TVS Annual Conference (Torquay)

2004 Appointed to the NICE GDG (Guideline Development Group) re: The Prevention and Treatment of Surgical Site Infection (SSI’s). Published October 2008 after two attempts!

2005 Invited by the RCN to act as chair of the Scientific Committee for and also speak at the first Tissue Viability and Wound Care Conference that they had organised at HQ in London. Following on from the success of this venture, the event is now to become an annual meeting (Central London).

2005 Invited to speak at the House of Commons (September) at a National Wound Care Awards Luncheon hosted by Mr Andrew Sellers MP.

2005 Invited to attend the Journal of Wound Care (JWC) Awards Luncheon, hosted by Mr Andrew Sellers MP, as a member of the Editorial board of the JWC and a member of the Tendra Academy.

2006 Invited to chair and speak at the 2nd RCN Tissue Viability and Wound Care Conference (March) - Advanced Wound Management Products.

2006 Invited to again attend the Journal of Wound Care (JWC) Awards Luncheon, hosted by Mr Andrew Sellers MP, as a member of the Editorial board of the JWC and a member of the Tendra Academy.

2006 Invited to present at Wounds UK (Harrogate Conference – November) by Huntleigh Diagnostics re: Practical uses of Intermittent Pneumatic Compression Therapy (IPC).

2006 Invited to present on ‘Tissue Viability and Skin Care’ during the District Nurse Course organised by the Napp Educational Foundation (10-12th December) at Downing College, Cambridge.

2007 Invited to present at the Department of Health (DoH) Essence of Care Conference (Manchester) on ‘Developing effective screening and assessment
of patients within an Acute NHS Trust re: Pressure Ulcer Benchmarks’ - January

**National Profile (continued):**

2007 Invited to chair and speak at the 3rd RCN Tissue Viability and Wound Care Conference (March) – Review of Interactive Wound Management Products.

2007 Invited to speak at Queens University Belfast on the Recognition and Management of Wound Infections with a particular focus on those related to patients with Leg Ulcers (April)

2007 Invited to speak at a Healthcare Conference (London) on Recognising and assessing risk on the wards. Theme for the day: Tissue Viability and Wound Management - Improving Practice on the Wards (July)

2007 Invited to be a founder member of the Molnlycke Scholarship Executive Board (November)

2008 Invited to chair and speak at the 4th RCN Tissue Viability and Wound Care Conference (March) – Management of Patients with Traumatic Wounds

2008 Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

2008 Invited to present at The International Materials Congress (13th – 15th May) on Biomaterials for Wound Management: a clinical perspective, held in Grantham, UK

2008 Invited to present at Wounds UK (10th-12th November) Harrogate, UK on ‘Start to Heal – the evidence’ and also had three posters presented, entitled The Role of a Nurse Consultant Tissue Viability within the United Kingdom; The Development of a Complex Wound Clinic and The Management of a major burns patients with Modern Wound Management Materials.

2008 Invited to speak on behalf of the National Institute for Clinical Excellence (NICE) at a National Conference to introduce the newly published Surgical Site Infection (SSI) Guideline (Tissue Viability inputs) organised by Healthcare Events (Manchester) – repeated in London (June 2009).

2009  Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

2009  Invited to present ‘the Results of an RCT comparing Coban 2 a new compression system with Profore (an existing multi-layer compression system)’ at a series of Wounds UK/3M roadshows in five locations around the United Kingdom (April – June). In addition, invited to chair another Wounds UK/3M roadshow on ‘Skin Care’ (Crawley – May).

2009  Invited to speak on a series of Infection Prevention Society Road Shows in various locations around the country (x7) focusing on the implementation of the NICE Surgical Site Infection Guidelines (2008), presenting on either ‘the Evidence behind the Guideline’ or the recommendations related to the postoperative phase of care’.

2009 - ongoing  Invited to participate in an advisory panel to the Department of Health (DoH) – contact: Gerry Bolger - to develop Nursing Metrics / National Quality Indicators re: Pressure Ulceration

2009  Invited to present at Wounds UK (Harrogate) a poster, entitled Clinical experiences with Tegaderm Matrix (3M) within a Complex Wound Clinic.

2010  Appointed to the NICE GDG responsible for the development of a Short Clinical Guideline re: the In-patient Management of people with Diabetic Foot Problems – published

2010  Seconded to the Royal College of Nursing (RCN) London, to act as a Professional Advisor, to lead on a number of Tissue Viability and Wound Care related projects – in particular re: Pressure Ulceration (supporting the work as previously alluded to undertaken by the DoH)

2010  Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

2010  Invited to speak at a Healthcare Events Conference (Manchester) on Preventing Occurrence of Pressure Ulcers. Theme for the day: Avoidable Pressure Ulcers? (September)

2010  Invited to present at the ‘Prove it Conference’, re: my PhD study – ongoing – under the session title, ‘Which research methodology should you choose?’ at the University of Essex

CV - M. Collier continued (19) Appendix 2

National Profile (continued):
2010  Invited to speak about ‘Leg Oedema and its Management’ at a Key Issue in Primary Care Conference (Burton upon Trent)
2010 Invited to speak about ‘Skin Failure: A Reality or an Excuse’ at the Royal Cornwall Hospitals Annual Conference (St Austell)

2010 Invited to speak at a Study Day in Dorset re: Pressure Ulcers

2011 Invited to speak about ‘Unusual lower limb diagnoses’ at the Royal Cornwall Hospitals Annual Conference.

2011 Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

2011 Invited to speak on ‘Tissue Viability – a developing speciality?’ at the 4th Annual Tissue Viability Conference (Solihull).

2011 Invited to speak at the Infection Prevention Society Conference (Bournemouth) about the ‘Surgical Site Infection Guidance (NICE), the SSIISS and my current role with the RCN’.

2011 Invited by NICE to participate in the review and digitalization process of Clinical Guidelines (CG29) re: Pressure Ulcer Prevention and Management (November).

2011 Poster accepted and presented at WOUNDS UK (Harrogate) on ‘The development and redevelopment of an electronic Pressure Ulcer Notification Tool (PUNT) within an acute care setting’.

2012 Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

2013 Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

2013 Invited to present a paper at the Primary Care and Public Health Conference (Birmingham, UK) entitled, ‘Identifying those at risk of Heel Pressure Ulceration’.

2014 Invited to attend the Molnlycke Academy Awards Luncheon as a member of the Academy board and judging panel.

CV - M. Collier continued (20) Appendix 3

Appendix 3 - International Profile:
1993 Invited to Chair sessions at the Inaugural Australian Wound Management Conference (Perth)
1994 Invited by Kimberly Clark to undertake a small lecture tour in Australia, discussing aspects of Pressure Sore Management at a variety of health care establishments (Sydney and Melbourne)

1994 Attended EWMA conference as a delegate (Copenhagen)

1996 Presented four posters at the EWMA conference (Amsterdam)

1997 Presented poster at the EWMA conference (Milan, Italy)

1997 Attended the first European Pressure Ulcer Advisory Panel Meeting (EUPAP) as a delegate (Oxford, United Kingdom)

1998 Attended EWMA conference as a delegate (Madrid, Spain)

1999 Invited by Kimberly Clark (Australia) to participate in a two week lecture/seminar tour – in a variety of clinical settings throughout Australia and New Zealand, discussing various aspects of Tissue Viability

1999 Invited to attend an International Symposium on Thermoregulation in Wound Care (two days) as a delegate (Oxford, United Kingdom)

1999 Invited by Smith and Nephew (Canada) to participate in a weeks lecture tour – in a variety of clinical settings (five cities), discussing all aspects of pressure ulcer aetiology and prevention

1999 Attended International Symposium on Advanced Wound Care (SAWC) as a delegate (Anaheim, California, USA)

1999 Attended 3rd EUPAP Meeting as a delegate (Amsterdam, Netherlands)

2000 Chaired 2nd Conference of the Irish Leg Ulcer Forum (Derry)

2000 Facilitated and presented at a Clinical Specialists Meeting (Dublin) related to the management and implementation of change in the clinical setting, the development of tissue viability guidelines and the understanding and undertaking of clinical research

**International Profile (continued):**

2000 Invited to attend an International Symposium entitled “Wound Healing in the New Millennium: Challenges and Perspectives” (one day) as a delegate (Tirrenia, Italy)
2001  Attended 4th EUPAP Meeting as a delegate (Pisa, Italy)

2001  Invited to present a paper, “An Interactive CDROM for Transforming Leg Ulcer management – a Research Based Approach” at the European Association of Distance Teaching Universities (EADTU) Millennium Conference, at the Sorbonne, Paris, France

2001  Invited to present a paper, “Choosing an appropriate patient’s support surface” as well as facilitate two interactive workshops re: Wound Assessment at the 4th National Portuguese Nursing Congress, Lisbon, Portugal

2001  Invited to present a paper, “Pain and trauma at the time of dressing changes – report of a National survey undertaken within the United Kingdom” and poster, “Educational resources for the new millennium - the development of an interactive CD ROM” at the Symposium of Advanced Wound Care (SAWC) Las Vegas, Nevada, USA

2001  Invited by the Royal College of Nursing (RCN) and an International Charity (CSW) in my capacity as a Tissue Viability Nurse Consultant, to join Baroness Cox and Hilary Oliver (Continence specialist) on a fact-finding / educational / advisory mission to a Rehabilitation Hospital, in Nagorno Karabakh, Republic of Armenia. (One week’s duration in the first instance)

2001  Attended 5th EUPAP Meeting as a delegate (Le Mans, France)

2002  Attended 12th EWMA Conference as a delegate (Grenada, Spain)

2002  Invited as a keynote speaker to inaugural meeting of the All Ireland Tissue Viability Nurses Advisory Panel in Dublin – an initiative supported by ETHOS/KCI Medical

2002  Invited as a keynote speaker to present papers on Advances in Wound Management/The role of Growth Factors and The Importance of Health Related Quality of Life at the first Wounds School organised by GIF (Grupo Associativo de Investigacao em Feridas) Portugal

International Profile (continued):

2002 - 2004  Appointed a Trustee of the European Pressure Ulcer Advisory Panel (EPUAP) – Rotational ‘stand down’ to ensure no more then five representatives from any one European country.

2002  Attended 6th EPUAP Meeting as a Trustee and session chair (Budapest, Hungary)
2003 Invited by Coloplast to participate in a two-day symposium - as both a speaker and delegate - on Wound Infection (and the Role of Silver) - Copenhagen, Denmark

2003 Attended 13th EWMA Conference as a delegate (Pisa, Italy)

2003 Invited as a keynote speaker to present papers on Wound Assessment and Advanced Technologies as well as Wound Bed Preparation at the 2nd Wounds School organised by GIF (Grupo Associativo de Investigacao em Feridas) Portugal

2003 Invited to be a member of the Scientific Organising Committee for the first International Wound Care Conference to be held in Nicosia, Cyprus during May 2004 – organised by PASYKAF

2003 Attended 7th EPUAP Meeting as a Trustee, speaker and session chair (Tampere, Finland). Co-presented a paper entitled, “Developing the EPUAP Research Agenda”

2003 Invited to attend as a delegate the 1st European Wound Management Symposium (2 days) organised by Johnson and Johnson at the European Surgical Institute, Hamburg, Germany

2003 Invited as a keynote speaker to present a paper on the Role of a Tissue Viability Nurse Consultant in the United Kingdom in the Prevention and Management of patients with Pressure Ulcers at the 1st National Chronic Wound Conference held in Arnedillo (La Rioja) Spain – organised by GNEAUP

2003 Invited by Coloplast to present two papers at two different multidisciplinary meetings in the province of Northern Ireland. Topics: a) The recognition and management of patients with wound infections and b) the Silver Debate

2004 Invited as a keynote speaker to present a paper on the Role of a Tissue Viability Nurse Consultant in the United Kingdom at the 5th Annual Specialist Nurse Conference held in Dublin – organised by the Nurse Education Centre, Mater Hospital

**International Profile (continued):**

2004 Presented three papers on, “The Physiology of Wound Healing”, “The Essential Elements of Wound Assessment” and “Wound Management Materials” at the first International Wound Care Conference to be held in Nicosia, Cyprus (May)

2004 Invited to join the Coloplast International Wound Advisory Board (two meetings a year – Denmark/United Kingdom)
2004 Invited as a keynote speaker to present a paper on Biological Debridement at the 2nd National Chronic Wound Management Conference held in Oviedo Spain – organised by GNEAUP

2004 Invited to Japan by Shorinsha Inc. (Medical Publisher) to present papers on Wound Care in the UK; the Aetiology and Assessment of patients with and the Care and Management of Patients with Venous and Diabetic Foot Ulcers; plus the Management of Patients with Pressure Ulcers in the UK at two Chronic Wound Forums (Tokyo and Kyoto) – February

2005 Invited by 3M Healthcare to participate in an International Advisory Meeting re: Compression and Leg Ulcer Management during the SAWC (San Diego) USA - April

2005 Attended 8th EPUAP Meeting as a delegate (Aberdeen, Scotland) - supported by Huntleigh Healthcare.

2005 Invited to present a seminar paper on the recognition and assessment of venous leg ulcers leg ulcer at a symposium held during and to the attend the 14th EWMA Conference (Stuttgart, Germany)

2005 Invited as a keynote speaker to present a paper on the Role of a Tissue Viability Nurse Consultant in the United Kingdom in the Management of patients with Chronic Wounds at the 2nd National Chronic Wound Conference held in Arnedillo (La Rioja) Spain – organised by GNEAUP also invited to lecture at the Vall de Hebron Hospital (University of Barcelona) re: the Role of a Tissue Viability Nurse Consultant in the United Kingdom

2006 Invited by 3M Healthcare to participate in an International Meeting re: Compression and Leg Ulcer Management prior to and then attend and present two posters at the SAWC (San Antonio) USA – May. Posters entitled: The Role of the Nurse Consultant – Tissue Viability in the United Kingdom and Joint Initiative = Positive Outcomes: The development of a Nurse Led Complex Wound Clinic

International Profile (continued):

2006 Invited to present at the first Tissue Viability Nurses Conference in Sweden (Stockholm) re: The role of a Nurse Consultant in Tissue Viability in the United Kingdom (March)

2006 Invited to participate in an International Wound Advisory Board (WAB) Meeting prior to and then attend the 15th EWMA Conference (Prague, Czechoslovakia) - May
2007 Facilitated a scholarship funded study visit (one week) to the United Kingdom (based within the United Lincolnshire Hospitals NHS Trust, for a Consultant Nurse - Dermatology from Galve Hospital, Sweden - March

2005 Invited to the United Arab Emirates to undertake a lecture tour (ten half day presentations in a fourteen day trip).

2007 Invited to speak at the 16th EWMA Conference (Glasgow, Scotland) re: The Wound Healing Process (advanced level) and also the Recognition and Management of Wound Infection (GP Course) – May

2007 Invited to speak at the 10th EPUAP Conference (Oxford) re: my ongoing PhD project - August

2008 Invited to lecture at the Third University of Ljubljana Wound Care Conference (Portoroz, Slovenia) on ‘Pain and other Health Related Quality of Life issues associated with Wound Infections’ (April) – supported by Johnson and Johnson, Slovenia.

2008 Invited to lecture at a Problem Wound Care Seminar organised by Smith and Nephew, Spain (Barcelona) on ‘Problem Wound Management and the Catastrophic Abdomen’ plus the progress of the my PhD research.

2008 Invited to present three posters at the World Union of Wound Healing Societies (WUWHS) Meeting (4th-8th June) in Toronto, Canada, entitled:

CV - M. Collier continued (25) Appendix 3

**International Profile (continued):**

2009 Invited to attend 12th EPUAP Conference in Amsterdam (Sept).

2010 Attended EWMA Conference on behalf of Leg Ulcer Forum (UK) – a cooperating organisation – and as a delegate (Geneva).

2010 Invited to present on, ‘the Use of Topical Negative Pressure Therapy for the Management of the Open Abdomen’ at a Critical Care Symposium organised by the University Ziekenhuis Brussels (June).

2011 Elected to the Council of the European Wound Management Association (EWMA) at the AGM (April).

2011 Attended and presented a free paper entitled, ‘The development and redevelopment of an electronic Pressure Ulcer Notification Tool (PUNT)
within an acute care setting’ at the 14th EPUAP Conference (Oporto, Portugal).

2011 Invited to participate in an International meeting in Lucerne on the Clinical Use of Wound Cleansing Solutions (4th-6th October).

2012 Attended the EWMA Conference in Vienna as a council member – chaired free paper sessions on Pressure Ulcer Prevention/Management

2012 Attended the Italian Association of Ulcer Care (AIUC) meeting in Rimini as speaker on ‘The management of Complex Wounds’ (November).

2013 Attended the EWMA Conference in Copenhagen as a council member – chaired free paper sessions on Pressure Ulcer Prevention/Management.

2014 Invited to Sarangpur India to give professional advice to the World wide Spiritual Leader of BAPS Swaminarayan Sanstha re: Skin Care - Pressure Ulcer Prevention and Management.

2014 Attended and presented at the EWMA Conference in Madrid as a council member – chaired Scientific free paper and e-poster sessions. Presented on 10 years experience with PUNT (oral) and two posters re: the introduction and outcomes achieved with Standard Operating Procedures re: Pressure Ulcer Prevention (Aderma) and Wound Infection Control (Prontosan). Re-elected to the EWMA Council for a further three years.
