

## FREE Compression Therapy Webinar in July

We are delighted to announce that Legs Matter has joined forces with EWMA to organise a webinar on compression therapy.

The webinar will answer the short why, how and when of compression therapy for health care professionals without specialisation in wound management.

The webinar will take place on **Zoom 26 July 19.00-20.30 (British Summer Time)**. Registration is free.

Stay tuned at our [Compression Therapy project page](#) for updates.

### EWMA - Lifestyle Document

---

How can lifestyle factors such as nutrition, stress, alcohol, drugs, sleep and physical activity affect wound healing? 🤔

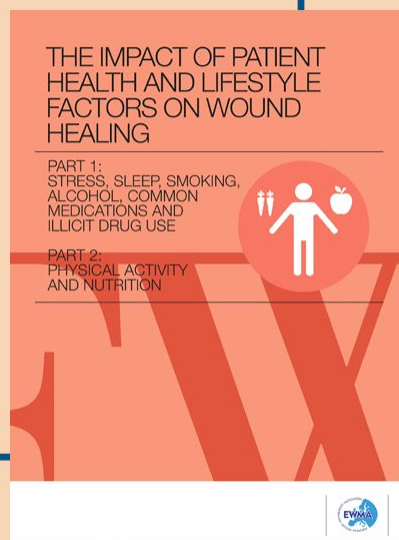

The EWMA Document sets out to understand the prevalence of these risk factors among those with chronic wounds, as well as how these factors influence wound healing.

This up-to-date resource for clinicians, policymakers and researchers is published as a supplement to the JOWM April issue.

**Sponsors: B. Braun Medical, Nestlé Health Science, and Urgo Medical**
