The results of the current scientific activities:

1/2014 - 12/2014 – **Preparation and implementation of the nursing process in the care recommended (guidelines and algorithms) for patients with non-healing wound - objectifying diagnosis in social care** (MUNI/A/0948/2013)

1/2013 - 12/2013 – **Preparation and implementation of nursing recommended procedures (guidelines and algorithms) in the care of patients with non-healing wound - objectifying diagnosis** – Příprava a implementace ošetrovatelského doporučeného postupu v péči o nemocné s nehojící se ránou – objektivizující diagnostika (MUNI/A/0961/2012)

1/2012 - 12/2012 – **The support of the socio-cultural competencies of caregivers in geriatric nursing** - Podpora sociokulturní a odborné kompetence profesionálních pečovatelů (NLZP) o seniory ve zdravotní i sociální péči (MUNI/A/0812/2011)

10/2010 - 9/2013 – **International project: Empowering the Professionalization of Nurses through Mentorship** (510111-LLP-1-2010-1-FI-ERASMUS)

1/2011 - 12/2011 - **The support of the socio-cultural competencies of caregivers in geriatric nursing** - Podpora sociokulturní a odborné kompetence profesionálních pečovatelů (NLZP) o seniory (MUNI/A/0877/2010)

2/2010 - 6/2012 - **Introduction of Effective Learning Methods in Secondary Medical Schools Using Digital Medical Image Information CZ.1.07/1.1.02/02.0074**, short title: Effective Teaching in Secondary Health Care Schools.

2004 - 2006 – **1st co-investigator: developing project č. 124 - Electronic learning materials and comprehensive support of their implementation at Masaryk University.**

Current and previous engagement in the European Wound Management Association (EWMA)

Member of the EWMA Council, May 2014-May 2017

Member of the EWMA Council in the period May 2014-May 2017.

Member of the EWMA Education Committee, May 2015 (still a member)

Engaged in:

- Development of a curriculum for physicians involved in wound care, with the aim to ensure that these physicians have a sufficient level of expertise within the area to provide efficient and safe treatment of their patients. Approved by the European Union of Medical Specialists (UEMS) in April 2015.
- Development of wound management curricula for post registration qualification of nurses. EWMA is currently working on series of European curriculum for post registration qualification of nurses with the aim to support more standardised content in the existing and future educational programmes used in levels 5-7 of the European Qualifications Framework (EQF). The first curriculum (EQF level 5) was published as an online supplement to the Journal of Wound Care in December 2017.
- Development of a series of e-learning modules on the basics of wound management, targeting non wound care professionals working in hospitals and home care/nursing homes.

Member of the Joint EPUAP & EWMA Pressure Ulcer prevention & patient safety advocacy project (working group member), July 2016-June 2018 (Still a member)

The European Pressure Ulcer Advisory Panel (EPUAP) and EWMA are collaborating on a joint engagement in the PU prevention and patient safety agendas at the European level as well as at the national level in selected European countries. Engagement included publications and presentations about the project at various conferences and meetings with key stakeholders.

Member of the Wound Centre Endorsements Working Group (Still a member)

EWMA working group established with the objective to develop a programme for endorsement of wound management centres in Europe and internationally.

The aim of this initiative is to support common high standards of wound management across Europe as well as in other countries with similar health care systems across the world.

Publishing activities - summary:

Book issued in domestic publishing companies:	5
Chapter in book publications:	1 (1 foreign)
Textbooks and instructional texts:	4 (2 main author, one editor, one co-author) 5 methodological manuals (2 main author, co-author of 3)
Articles, full text in peer-reviewed scientific journal	31 (19 domestic, 12 international)
Articles in peer-reviewed full-text popular. professional journal Czech republic	29
Contribution in peer-reviewed scientific collections - national level	21
Contribution in international peer-reviewed scientific collections	11
Published contributions to academic conferences	88 (25 international, 63 domestic)
Abstracts of contributions from local conferences	36
Abstracts of contributions from international conferences	25
Poster at a scientific conference in the Czech Republic	3
Poster at a scientific conference abroad	10
