

## CURRICULUM VITAE

### 1. PERSONAL DETAILS

Samantha Louise Holloway

### 2. PROFESSIONAL QUALIFICATIONS

March 1989 Registered General Nurse Cheltenham General Hospital

### POST QUALIFICATION EDUCATION

#### MSc in Social Science Research

July 2007 University of Glamorgan (With Distinction)

#### Certificate in Education & Training

June 2000 University of Wales College Newport (With Distinction)

#### Certificate in Supervisory Management

December 1996 Organisational & Development Training Dept UHW

#### Teaching and Assessing (30 CATS, Level 2)

October 1994 Welsh National Board

#### Common Core Module (30 CATS, Level 2)

February 1994 Welsh National Board

### PROFESSIONAL MEMBERSHIP

**Cardiff University Senior Fellow (SFHEA)** June 2023

#### Higher Education Academy

Fellow of the Higher Education Academy March 2007 (Reference: 8175)

#### Institute of Teaching and Learning

Member 2002

#### European Wound Management Association

Member (Mem No. 1000705)

Chair of the EWMA Education Committee (October 2019 to date)

Chair, Teacher Network (2014-to date)

Member of the EWMA Council (2017-to 2023)

### AWARDS

February 2015 Excellence in Postgraduate Teaching Award.

April 2016 Shortlisted for Enhancing Student Life Award 'Most Effective Teacher'

### **3. APPOINTMENTS AND EXPERIENCE**

**August 2018 promoted to Reader** Fulltime, 35 hours / week, Centre for Medical Education, School of Medicine, College of Life and Biomedical Sciences, Cardiff University, Wales UK

**Aug 08 to August 2018 Senior Lecturer** Fulltime, 35 hours / week, Centre for Medical Education, School of Medicine, College of Life and Biomedical Sciences, Cardiff University, Wales UK

Sept 07 Lecturer (Grade 7) Fulltime, 35 hours / week

Sept 06 – Sept 07 Lecturer (B Grade), Part time, 30 hours / week

May 05 – Sept 06 Lecturer (B Grade), Part time 24 hours

May 05 – Promoted to Lecturer B Grade

April 02 – May 05 Lecturer (A Grade), Part time, 24 hours / week

Oct 01 - April 02 Maternity Leave

April 01 – Sept 01 Joint position - UWCM School of Nursing & WHRU

June 97 – Sept 01 Education Assistant, 30 hours / week

#### **October 1991 to May 1997: - University Hospital of Wales, Cardiff**

Jan 1997 – May 1997 Resumed F Grade position on B2 Vascular ward at U.H.W.

Sept 1996 - Jan 1997, 5 month secondment with the Directorate of Nursing and Quality to undertake a review of Nursing Policies and Procedures for the Trust.

Oct 1995 - appointed permanent F Grade on B2 Vascular ward at U.H.W.

May 1994 – appointed acting F Grade on B2 Vascular ward

April 1993 – May 1994 recommenced E grade post, part-time, 24 hours / week

Sept 1992 – April 1993 Maternity Leave

Oct 1991 - Appointed Grade E Staff Nurse on A1 Vascular ward, Full time post

#### **April 1989 to September 1991 - Ward 8, Cheltenham General Hospital.**

June 1990 – Sept 1991 Appointed Grade E Staff Nurse on same ward, Full time

April 1989 to June 1990 Appointed Grade D Staff Nurse on a general surgical / urology ward.

#### **EXTERNAL APPOINTMENTS**

June 2007-July 2011 External Examiner for the University of Stirling – Dermatology, Debridement and Leg Ulcer courses.

September 2014 – August 2029 External Examiner for the Royal College of Surgeons (Ireland)

September 2019 – August 2024 External Examiner for Tissue Viability programmes at the University of Huddersfield

## **CONFERENCES (Presenter / Co-Presenter)**

### **2023**

Holloway S (2023) International Skin Tear Advisory Panel (ISTAP) World without skin tears, online event, Chair, April

Holloway S, Jenkins S, Pokorna A and Ahmajarvi K (2023) Holistic Management of Wound Related Pain, EWMA conference, Milan, May

Holloway S (2023) Principles of skin care and skin integrity to prevent skin injury. Maltese Wound Care Association Conference, Malta, May

Holloway S (2023) Skin Tear Assessment and Management, Wounds Week, Online Event, July

Holloway S (2023) Skin Tears, 5<sup>th</sup> Global Wound Conference, Online Conference, October

Holloway S (2023) Skin Tears, GAIF Conference, Hybrid event, online presentation, Portugal, October

Holloway S (2023) ISTAP and AAWC Webinar, Discussion on Skin Tears and Skin Health, November

Holloway S, Bresnai-Harris J and Samuriwo R (2023) Skin Tears: Made Easy sessions, Wounds UK conference, Harrogate, November

### **2022**

Ousey K and Holloway SL (2022) Revisiting skin integrity, skin frailty and skin health in a peri pandemic world. Wounds UK conference, Harrogate, November

Holloway SL (2022) Skin Tears: Light at the end of the tunnel? Commonwealth Wound Care Resource Alliance Conference, online presentation, October

Holloway SL (2022) Prevention, evaluation and management of Skin Tears: Importance of interprofessional collaboration to ensure successful results, ACCHIEHC conference, online presentation, October

Holloway SL (2022) Holistic strategies to promote and maintain skin integrity: best practice recommendations, AISLeC conference, online presentation, October

Holloway SL (2022) The second life of the living with chronic wounds project, EWMA, Paris, May

## **2021**

Holloway SL (2021) Best Practice Recommendations for Prevention and management of Periwound Skin Complications, Wounds UK, Harrogate, November

Holloway SL (2021) EWMA wound curricula for healthcare professionals: achievements and next steps, EPUAP (virtual), September

Holloway SL (2021) Patient Experiences of Living with chronic, non-healing wounds: Delivering a Year 2 SSC Project Online, Centre for Education Support and Innovation, Online Conference August

Holloway SL (2021) From Bilateral Partnerships to International Networks, Times Higher Education Impact Forum (online), August

## **2020**

Holloway SL (2020) Diagnosis of Wounds. EWMA Virtual conference, October

Holloway SL (2020) Skin Tear Education. EWMA Virtual conference, October

Holloway SL (2020) Engaging and Supporting students in Online Learning. EWMA Virtual conference, October

## **2019**

Holloway SL (2019) Skin Tears: Assessment and Management. Wounds UK Summer Conference, NCC, Birmingham. July

## **2018**

Holloway SL (2018) A survey to determine the current level of wound management education in the pre-registration nursing curricula. Tissue Viability Conference, Newcastle

## **2017**

Holloway SL (2017) Skin Tears: Prevalence, Assessment and Management. Wounds UK, Harrogate

Holloway SL (2017) Wound Management in clinical practice – What can we do as students? EWMA Conference, Amsterdam

## **2016**

Holloway SL (2016) Skin Tears: Prediction, Prevention, Assessment and Management. Co-presenter with ISTAP members, WUWHS Conference, Florence, Italy.

Holloway SL (2016) International Skin Tear Advisory Panel Toolkit. Tissue Viability Society Conference, Cardiff.

## **2015**

Holloway SL (2015) (Oral Presentation) 'The art of dressing selection for skin tears' EWMA, Bremen, Germany

Holloway SL (2015) (Oral Presentation) A toolkit to aid in the prevention, assessment and management of skin tears. Tissue Viability Society, Cardiff, Wales, UK

Holloway SL (2015) (Oral Presentation) Types of Assessment: The role of formative and summative methods of assessment in educational programmes of study. EWMA, London, UK

Holloway SL (2015) (Oral Presentation) Experiences with synchronous web-based software to support distance-learning students EWMA, London, UK

## **2014**

Holloway SL (2014) (Oral Presentation) The science of normal wound healing. Trauma Conference, Telford, UK

Hisham F, Holloway SL, Harding KG and Smith P (2014) (Poster and Oral Presentation) A pilot study to develop single best answer (sba) questions for assessing medical students knowledge on wound healing. C21 Medical Student Curriculum Conference, Cardiff University, Cardiff, Wales.

## **2013**

LeBlanc, K., Baranoski, S., Holloway, S., Langemo, D. (2013) (Oral Presentation) Validation of a New Classification System for Skin Tears. *WoundsUK Harrogate*

Evans C, Mudge E, Holloway SL and Harding KG (2013) (Poster Presentation) An investigation of changes in reported health related quality of life in patients with diabetic foot ulcers. *WoundsUK Harrogate*

Hisham F, Holloway SL, Harding KG and Smith P (2013) (Poster Presentation) A pilot study to develop single best answer (sba) questions for assessing medical students knowledge on wound healing

Field K, Holloway SL (2013) (Poster Presentation) A study of waterlow scores and pressure ulcer preventative nursing care. *WoundsUK Harrogate*

Holloway, S. (2013) (Oral Presentation) Distance –Learning (Oral). *EWMA Conference, Copenhagen*

## 2012

Holloway SL (2012) (Poster Presentation) Higher Education: We Also Care About Pressure Ulcers. EPUAP, Cardiff, Wales

Holloway SL and Davies WL (2012) (Poster Presentation) Educational Driver For Change: Meeting the Needs of Practitioners EPUAP, Cardiff, Wales

LeBlanc K, Baranoski S, Holloway SL, Christensen D (2012) Proposed Classification System for the Identification and Documentation of Skin Tears EPUAP, Cardiff, Wales

## 2011

Davies WL and Holloway SL (2011) (Poster Presentation) e-learning and Pressure Ulcers: Supporting Best Practice Development EPUAP, Oporto Portugal

Le Blanc, K., Baranoski, S., Campbell, K., Carville, K., Christensen, D., Edwards, K., et al. (2011). Consensus statements for the prevention, prediction, assessment and treatment of skin tears *EWMA, Vienna, Austria*

Holloway SL and Boyd JA (2011) Experiences with synchronous web-based software to support distance-learning postgraduate students. All Wales Medical Teaching Showcase", Weds March 2<sup>nd</sup> 2011

## 2010

Farnworth E, Roberts A, Harding KG and Holloway SL (2010) Audit: the tetanus of patients with chronic wounds. WoundsUK, Harrogate

Steen A and Holloway S (2010) A Survey to investigate qualified nurses assessment and knowledge of management of patients with cellulitis of the lower limb. British Dermatological Nursing Group 20<sup>th</sup> annual meeting, Manchester Central, Manchester

## 2009

Davies, W., & Holloway, S. (2009). A web-based distance learning degree level tissue viability foundation module for pressure ulcer management. (Poster). *EPUAP: Amsterdam*.

Davies, W., & Holloway, S. (2009, May). A web-based distance learning programme for degree level tissue viability education (Poster). *EWMA Conference, Helsinki*.

Davies, W. L., & Holloway, S. L. (2009, May). A web-based distance learning programme for degree-level tissue viability education (Poster). *EWMA, Helsinki, Finland*.

Holloway, S. (2009, April). Postgraduate Education in Wound Healing (Poster). *SAWC, Grapevine, Texas.*

Holloway, S. L. (2009, May). Inter-professional Postgraduate Education: evaluating the perceived impact of undertaking a Masters in Wound Healing and Tissue Repair (Poster). *EWMA, Helsinki, Finland.*

Taylor, A. C., & Holloway, S. (2009, November). A retrospective audit of baseline characteristics with the University of Texas Wound Classification System in the Prediction of Wound Healing in Diabetic Foot Ulceration (Poster - Highly Commended Award). *Wounds UK, Harrogate.*

Holloway SL (2009) Postgraduate education in wound healing. *WoundsUK, Harrogate*

Waters, N., & Holloway, S. L. (2009). A survey of patients' perceptions of the impact of diabetic foot ulcers on employment (Oral). *WOCN Conference 2009, St Louis, Missouri.*

## **2008**

Holloway, S., & Jones, V. (2008, April). Inter-professional Postgraduate Education: Evaluating the perceived impact of undertaking a Masters in Wound Healing and Tissue Repair. *SAWC Conference, San Diego.*

## **1994 - 2007**

Holloway, S. (2007, November). Wound Healing Physiology Talk. *Study Day - Wound Management Seminar Series, Royal Glamorgan Hospital.*

Holloway, S., & Jones, V. (2007, November). Inter-professional Postgraduate Education: Evaluating the perceived impact of undertaking a Masters in Wound Healing and Tissue Repair. *Wounds UK Conference, Harrogate.*

Holloway, S. (2007, June). Wound Healing Physiology Talk. *Study Day - Wound Management Seminar Series, Royal Glamorgan Hospital.*

Davies, W., Holloway, S., & Jones, V. (2007). From small acorns, large oak trees grow - An innovative model for degree level tissue viability study. *Wounds UK: Harrogate.*

Holloway, S. L., & Jones, V. (2007, April). A strategy for individuals considering undertaking the Postgraduate/MSc in Wound Healing and Tissue Repair. *SAWC Conference, Tampa, Florida.*

Holloway, S. (2006, May). Wound Physiology, Tissue Viability. *Cardiff and Vale Podiatry Update*

Holloway, S. I., & Jones, V. (2006). Evaluation of an online postgraduate education programme in wound healing and tissue repair. *SAWC Conference, San Antonio, Texas.*

Holloway, S. (2006, March). Managing problem foot wounds (Workshop). *National Study Day, UWIC, Cardiff*.

Holloway, S., Winstanley, S., Brock, L., & Luxmikanthan, R. (2005, November). Enhancing the clinical and academic writing skills of undergraduate medical students : using case studies. *Wound UK Conference, Harrogate*.

Holloway SL & Barnes R (2003) An evaluation of the Clinical Learning Schedule in a Diploma Level Wound Management Module, Wounds UK 2003, Harrogate

Holloway SL, Jones VJ (2003) Web Based Information: A 17 month evaluation of enquiries submitted to the WHRU, Wounds UK 2003, Harrogate

Holloway SL, Jones V & Price P (2000) An analysis of the wound related factors that influence nurses choice of dressing for pressure sore management. Wounds 2000 Conference, Harrogate.

Holloway S, Jones V (1997) Review of Wound Management Material Use in the Community. Proceedings of the 7th European Conference on Advances in Wound Management. 118-120

Holloway SL (1994) EWMA Conference, Copenhagen (Poster Presentation; Wound Assessment) September 1994

#### **CONFERENCES / STUDY DAYS (Delegate / Chair)**

March 2023 UKAT Conference, Swansea

November 2022 Wounds UK conference

October 2022 CWCRA (virtual presentation)

October 2022 ACCHIEHC (virtual presentation)

October 2022 AisLec Conference (virtual presentation)

May 2022 EWMA Conference Paris

November 2021 Wounds UK Conference

October 2021 EWMA Virtual Conference

November 2020 Wounds UK Virtual Conference

October 2020 EWMA Virtual Conference

November 2019 Wounds UK, Harrogate

June 2019 EWMA Gothenburg (Chair)

May 2019 Wounds UK Lower Limb Ulceration conference, Bristol

April 2019 TVS, Southampton

April 2017 TVS, Birmingham

November 2015 Wounds UK

November 2014 Wounds UK

September 2014 (28-30) Clinical Symposium on Advances in Skin and Wound Care, Las Vegas

May 2011 6<sup>th</sup> International Symposium on the Diabetic Foot, Noordwijkerhout, The Netherlands

February 2011 RSC Wales – Advance and Enhance Roadshow

November 2010 Systematic Reviews: Finding Clear Evidence in the Sea of Publications, Cardiff University  
October 2010 11<sup>th</sup> Annual Diabetic Foot Conference, Cardiff, Wales  
April 2003 Tissue Viability Conference, Blackpool  
November 2000 Wounds UK Conference Harrogate (delegate)  
November 1998 8th EWMA Conference Harrogate (delegate)  
November 1995 EWMA Conference Harrogate (steward)  
1999 Diabetic Foot Masterclass, London  
1999 Professional / Legal Issues in Tissue Viability, Birmingham

## **TRAINING & DEVELOPMENT**

June 2023 Chairing University Appointing Panels  
April 2023 Fire Safety  
March 2023 Information Security  
March 2023 Equality, Diversity and Inclusion Training

July 2022 Interacting with students for effective engagement and learning  
March 2022 Challenges cases faced by Personal Tutors  
January 2022 – June 2022 Cardiff University Senior Fellow programme

April 2021 Information Security

April 2020 Information Security  
April 2020 Unconscious Bias

June 2019 Line Management Training – Recruitment and Embedding Staff  
April 2019 Equality, Diversity and Inclusivity (Online module)  
April 2019 Information Security  
April 2019 Fire Safety Awareness (online training)

Nov 2018 Line Management Training – Wellbeing / Sickness  
Oct 2018 Line Management Training – Performance Management  
July 2018 Moving into Leadership  
June 2018 Facilitation Skills  
June 2018 Chairing University Appointing Panels  
April 2018 Welsh Language Awareness  
March 2018 Information Security Training

April 2016 Information Security Training  
January 2016 Seven Secrets of Highly Successful Research Supervisor

January 2015 Progressing Skills of Line managers

November 2013-May 2014 Medical Education Orientation Programme (MEOP)

July 2012 Diversity in the Workplace e-learning course

May 2009 All things in moderation – E-moderating Online Course

December 2007 Fair and Reliable Marking of Academic Work

July 2007 - Interviewing Skills Study Day

November 2006- Giving Academic Feedback to students (Cardiff University seminar)

October 2006 - Cardiff University Assessment Strategy: Marking and Feedback Seminar

September 2005 - Designing activities for on-line learning

July 2005 - Presenting Research Orally

July 2005 - Study day - Rapid reading

December 2003 Equal Opportunities Training

July 2001- Personal Tutoring Seminar

March 2001 - Peer review training

#### **4. CONTRIBUTIONS TO TEACHING AND STUDENT SUPPORT**

##### **(a) Organisational responsibilities:**

The main function of my current post is as the Programme Director for the Masters in Wound Healing and Tissue Repair. Duties include:

- provide lectures and tutorials and contribute to teaching and learning activities with particular focus on the Postgraduate Diploma / MSc in Wound Healing and Tissue Repair.
- Contributing to the academic administration of the programmes of study provided, particularly in respect of the MSc programme.
- Teaching, lecturing, conducting research and other forms of scholarship such as publication, work associated with the assessment element of the programme, administration, participation in committee work and the pastoral care of the students.

##### **Relevant Expertise/ Competence/Skills**

- Experience of teaching undergraduate and postgraduate students at University level.
- Experience of teaching to small and large groups of students
- Evidence of effectiveness of teaching provided
- Ability to take responsibility for academic related administration
- Excellent interpersonal and communications skills
- Able to assume responsibility for course design, development and assessment
- Experience of course management and leadership responsibilities
- Experience of teaching within an E-Learning environment, being familiar with platforms such as Blackboard and WebCT
- Fellow of the Higher Education Academy
- A record of recent research activity and publications

(b) **Contributions to teaching materials:**

2001 – I was responsible for rewriting the Foundation in Wound Management Module (formerly the Diploma in Nursing Care and Wound Management which was subsequently validated and continued to run until 2005.

2002 – 2003 I assisted in writing modules in the following areas: BSc In Leg Ulcer Management / BSc in Diabetic Foot Ulcer Management / BSc in Pressure Ulcer Management which were part of the BSc in Clinical Practice pathway

These BSc modules were subsequently developed into 3 web-based distance learning modules which were validated in 2004. These continue to run twice / year with my role being as Module Leader and Internal Marker.

Ongoing responsibility for all of the modules that comprise the Masters in Wound Healing and Tissue Repair Programme and Wound Healing Foundation Modules.

(c) **Contributions to other courses**

**Undergraduate**

1998 to date: Personal Tutor for medical students.

1998 to date: Student Selected Component (SSC) Tutor for 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> year Medical Students.

2010 to date: Lecturer for 4<sup>th</sup> Year Medical Students

2011 to 2016: Guest Lecturer Pre-Registration Pharmacy Students (Wales Centre for Pharmacy Professional Education)

**Post-registration Education**

Initially involved with the Diploma in Wound Care and Nursing Management as a visiting lecturer from 1998-2001. Following a secondment agreement with the School of Nursing the module was rewritten and validated as the Foundation in Wound Management. From 2001 – 2004 I took over as the module leader prior to this being delegated to a colleague from 2004-2005. Level 2 courses have now ceased to be provided.

Previous sessional Lecturer for the Diploma in Community Health Studies, prior to a dedicated Lecturer being appointed.

2004 to 2014 invited lecturer on a range of courses provided by the Operating Department within the School of Healthcare Sciences

### **Postgraduate Courses**

Sessional lecturer for the Clinical Dermatology MSc, Cardiff University.

Sessional lecturer for the MSc in Health and Ageing, now MSc in Clinical Geriatrics

Internal Marker for the MSc in Advanced Surgical Practice.

Lecturer for the Wound Management Programme, University of Malta

Lecturer for the Postgraduate Diploma in Wound Healing, National University of Ireland (NUI), now University of Galway

Lecturer for the Bachelors Degree (Wound Healing) University of Geneva

## **5. CONTRIBUTIONS TO ADMINISTRATION AND MANAGEMENT**

Senior Personal Tutor for Postgraduate Taught Studies

Currently responsible for the day-to-day management of the Masters programme

Exam Board Chair for PGT Programmes: Palliative Medicine, Psychiatry and Neonatal Medicine

Responsible for Exam results processing and reporting

Member of the Course Planning Team for the MSc programme

Part of the module writing team for the MSc programme

Designated Admissions Tutor for the programmes of study

Member of the Postgraduate Taught Board of Studies

Independent reviewer for validation of new postgraduate modules / courses in the School of Medicine

Member of the Task and Finish Group for the use of Turnitin (Plagiarism Software)

July 2016 Appointed Chair of the Extenuating Circumstances Committee (Undergraduate)

July 2016 Appointed Senior Personal Tutor for Postgraduate Taught Studies within the School of Medicine.

## **6. RESEARCH INTERESTS**

Skin Frailty, Skin Health and Skin Tears

Pre-registration and post-registration nursing education

Student Selected Components in the Medical Undergraduate Curriculum (Subject of research for dissertation)

Personal and Professional benefits of undertaking an MSc programme (Survey undertaken)

Experiences of studying as a distance learning student (Case Study Research Undertaken)

Interprofessional education (Survey undertaken)

E-Learning (application for funding to develop a Wound Healing elearning module for medical students submitted 1/2/08 to the Learning and Teaching committee)

Discussion Forums and Boards as a method of learning

**7. POSTGRADUATE STUDENT SUPERVISION**

Overall responsibility for the Masters stage of the MSc programme and responsible for 15 students currently on the MSc in Wound Healing and Tissue Repair.

Supervisor for 86 Graduates of the MSc in Wound Healing and Tissue Repair (Table 1)

**Table 1: MSc WHTR Graduates supervised / awarded (up to January 2024)**

<b>2024</b>		
	Hasan F	The Effect of Local application of Hyaluronic acid and its derivatives on Diabetic Foot Ulcer: An evidence-based review
<b>2023</b>		
	Todd L	Exploring and identifying registered nurses knowledge and practices towards wound assessment and management: An evidence-based review
	Thng HH	A retrospective, descriptive observational study on the use of NPWT with instillation and dwell time in the management of patients with infected DFU
	Ligema K	The impact pressure ulcers have on health-related quality of life: An evidence-based review
	Kosa S	The use of Negative Pressure Wound Therapy with Instillation and Dwell in Breast Reconstruction Surgery: An evidence-based review
	Fugaccia M	A clinical audit assessing compliance with National Guidelines for the Assessment and Management of Leg Ulcer Patients in a Vascular Specialist Outpatient Service in the North of England
	Davies L	Collagen based wound dressings for the treatment of chronic diabetic foot ulcers: An evidence based review
	Blake H	Patient's experience of Wound Management Digital Systems as part of their treatment of Lower Leg Ulceration - A service evaluation
	Abd Rahman M	Evaluating Clinical Outcomes and Patient Satisfaction of Podiatry-Led Nail Surgery (Short Title)
	Nair HKR	Clinical utilisation and efficacy of medicinal leeches for individuals with lower leg wounds: an evidence-based review
	Nokaneng E	A clinical audit of surgical site infection surveillance in a Maxillo-Facial and Oral Surgery unit in an academic hospital complex in South Africa
	Tong KP	Self-efficacy programme and tools to improve diabetic foot ulcer healing rate, occurrence, and recurrence: an evidence based review
	Hung C	Patients and Nurses perspective of an existing Telewound Program in managing individuals with chronic wounds in a primary care setting
	Nichols M	A retrospective clinical audit of Diabetic Foot Management against NICE Guidelines (NG19) for diabetic foot problems: prevention and management
	Ingelby A	A clinical audit to determine compliance with national recommendations for the assessment and management of individuals with lower limb leg ulcers in a North of England District Nursing Service
	Martin SA	clinical audit to determine compliance against the aSKINg framework
<b>2022</b>		
	Sullivan J	A narrative review to examine the effectiveness of prophylactic incisional Negative Pressure Wound Therapy on the rate of surgical site infection for primary closed laparotomy wounds following open colorectal surgery.
	Green A	A quality improvement project to establish compliance with a rapid response pressure management pathway within a South Wales Wheelchair Service.
	Daff T	Therapeutic interventions to improve Nitric Oxide mediation in the diabetic foot ulcer: an evidence-based review

	Aniyeloye	Clinical audit of the management of cellulitis in a metropolitan lymphoedema service
<b>2021</b>		
	Fairey C	A Service Evaluation to examine the use of maggot debridement therapy for individuals with diabetic foot ulceration
	Formosa E	A cross-sectional study using the skin tear knowledge assessment instrument (OASES) to assess registered nurse's knowledge about the identification and classification of skin tears in a geriatric rehabilitation hospital.
Co-Supervisor	McDonagh C	The role of in-shoe pressure analysis in preventing diabetic foot ulceration
<b>2020</b>		
	Haynes S	A service evaluation to examine the use of compression strapping for the management of patients with retromalleolar leg ulcers in a community setting
	Kerr M	The Nurse Experience of Caring for Individuals with Chronic Wounds: An Evidence Based Review
	Van Der Merwe Z	An integrative literature review to identify if the use of Negative Pressure Wound Therapy (NPWT) on closed/incision surgical wounds decreases the risk of Surgical Site Infection (SSI) in high-risk patients
	Johansen H	Primary healthcare professional's competence in wound care: an evidence-based review
	Karupayah V	Outcome Analysis of Management of Post Surgical Abdominal Wound Dehiscence in Obstetrics and Gynaecology Patients Using Negative Pressure Wound Therapy (NPWT)
Co-Supervisor	Jayakody C	Why hyperbaric oxygenation appears to have a positive effect on wound healing while reperfusion under normal atmospheric air triggers reperfusion injury: A Review of Reviews.
	Mohd Zubir MZ	Maggot Therapy and Wound Healing: An Evidence-Based Review
<b>2019</b>		
	Chin Yen L	The usage of polyurethane foam dressing in the prevention of pressure injury: an evidence-based review
	Chartres J	A Grounded-Theory study of Community Nurses', Podiatrists' and patients' perceptions of the barriers and benefits of the provision of shared care for individuals with non-healing foot ulcers in a community setting
	van der Hoeven I	The Use of the MolecuLight in Acute and Chronic Wounds: An Evidence-Based Review
	Owusu-Mireku E	An Evidence Based Review on the Role of Matrix Metalloproteinases as Measurable Indicators to Predict Wound Healing in Individuals with venous leg ulcers
	Fenech C	A cross-sectional study to explore registered nurses' level of knowledge with regards to differentiation between pressure injuries and incontinence associated dermatitis
	Abela G	Root Cause Analysis to identify contributing factors for the development of Pressure Injuries
<b>2018</b>		
	Price C	Maggot Debridement Therapy in the Treatment of Diabetic Foot Ulcers – an Evidence Based Review
	Neads J	A clinical audit of vascular screening in patients with diabetes presenting to a South Wales podiatry department.
	Wong KA	An Observational Study of the Surgical Site Infection Rate in a General Surgery Department at a General Hospital in Malaysia
	Goldsmith M	An explorative study to determine the psychosocial issues and existing support provision for patients following their first admission hospital for management of (severe) diabetic foot ulceration
	Baglioni P	Intravenous Sodium Thiosulphate in Calciphylaxis

	Cox T	An evidence based review to establish if the literature supports the use of laminar air flow systems in operating theatres to target the reduction of surgical site infection in clean surgery
	Pyle A	The Lived Experience of having Pyoderma Gangrenosum: A Phenomenological Study
<b>2017</b>		
	Turner L	The effectiveness of patient education for the prevention of diabetic foot ulcers: An evidence based review
	Pearl J	The use of incisional negative pressure wound therapy to prevent surgical site complications: An evidence based review
	Brown J A	Split thickness skin graft donor site dressing: An evidence based review
	Angelaki A	Evaluation of HRQOL and patient satisfaction in women with breast reconstruction using the Greek version of the Breast-Q
	Wood NA	Primary Healthcare providers educational needs and barriers regarding the prevention and management of Diabetic Foot Ulcers
	Basu S	An Evidence Based Review of the Role of Wound Fluid pH in Chronic Wounds
<b>2016</b>		
	White J	The inter-rater reliability of the Infectious Diseases Society of America's diabetic foot infection classification system
	Traynor C	Patient Reported Expectations of Cosmetic Procedures
	Neyens J	Nutritional Factors and Pressure Ulcer Development in Newly Admitted Nursing Home residents
	Fear S	A Qualitative study to explore the patients' experience of skin graft/flap following skin cancer resection
<b>2015</b>		
	Featherston J	Can home monitoring skin temperatures using a hand held device predict and/or prevent diabetic foot ulcers: An evidence based review
	Moore J	An evidence based review of moderators of the endothelium in wound healing
	Vestjens J	The inter-rater reliability of documentation for the assessment of wound infection in complex wounds
	Wijlens A	Skin temperature monitoring of the diabetic foot: an observational study examining daily skin temperature changes of the foot
	Yip W L	Transcutaneous oximetry, hyperbaric oxygen therapy and wound healing: an evidence based review
	Lenselink E	Outcomes after foot surgery in people with a diabetic foot ulcer at 12 months follow-up
	McRobert J	An Exploration of Newly Qualified Nurses Knowledge and Attitude Towards Pressure Ulcer Prevention
<b>2014</b>		
	Sando T	Integumentary System Education in the United States Entry Level Physical Therapy Programs
	Chalmers R	Surgical Site Infection in Plastic Surgery: A Prospective Audit – Are we adhering to NICE Guidelines?
	Chambers A	Evidence based review of existing literature to determine the effect of triclosan-coated sutures on reducing the rates of SSI
	Sinnott K	The Identification of Biofilms in Chronic Wounds: An Evidence Based Review
	Othman D	Accuracy of the Hand-Held Doppler in vascular mapping of free DIEAP flap breast reconstruction
	Gill P	The use of the Bodystat Bio-impedance device to titrate intravenous fluid administration in free flap breast reconstruction

<b>2013</b>		
	Pryzbylski M	Diagnosing Osteomyelitis in the Diabetic Foot: A Pilot Study to examine the sensitivity and specificity of Tc <sup>99m</sup> White Blood Cell-Labelled Single Photon Emission Computed Tomography / Computed Tomography
	Hobson R	Vitamin E and Wound Healing: An Evidence Based Review
	Jones H	A retrospective study of Chronic Leg Ulcers treated in a combined Vascular Surgery and Wound Healing Unit
	Chan L	What is the evidence-base for delaying definitive autologous breast reconstruction following post-mastectomy radiation therapy (PMRT)? Is a two-stage delayed-immediate reconstruction involving a temporary breast expander/implant procedure clinically efficacious and cost effective?
	Heywood N	An evidence based review of the risk factors associated with the development of incontinence associated dermatitis
	Thomson C	Neuropathic pain following wide local excision and sentinel lymph node biopsy for melanoma

	Stockbauer A	Management of Chronic Venous Leg Ulcers: A literature review

**8. EXTERNAL ACADEMIC ACTIVITIES**

November 2023 – Podcast, Skin Tears, Nursing Standard

October 2023 – University of Galway, Teaching session, Skin Tears

October 2023 – Welsh Wound Innovation Centre, Online Teaching, Wound Healing and Skin Tears, delegation of WOCN from Hong Kong

October 2023 – University of Geneva, Teaching session, Skin Tears

August 2023 – EWMA working group member, revision of EWMA website

March 2023 – Member of the University working group for ‘Personalised Support Project’ with specific role of co-Chair of the Personal Tutor workstream

March 2023 – Member of the National Wound Care Strategy Programme, Education Workstream to develop the Career Pathway for Wound Care

September 2023 – Extended period of tenure for External Examiner for the University of Huddersfield (ends August 2024)

May 2022 – Elected as President of the International Skin Tear Advisory Panel

September 2021-to date Chair of the Working Group for the EWMA Holistic Management of Wound Related Pain

June 2019 – May 2023 Chair EWMA Education Committee

May 2019 – to date Academic Editor for Wounds UK

January 2019 - Invited to contribute to MTEP review of SEM Scanner

April 2018 – Invited to contribute to MTEP review of Mepilex border dressings

April 2018 – to date Wounds UK Editorial Board

May 2017 – Elected to EWMA Council

August 2016 - to date Invited reviewer for the Qualitative Health Research Journal

July 2016 - to date Invited reviewer for BMC Medical Research Methodology

November 2015 Development of a teaching package for the Welsh College of Pharmacy Professional Education in order to support the delivery of CPD for pharmacists. 10 events were delivered across Wales (3 of which I facilitated).

November 2015 – to date Member of the Editorial Board for the British Journal of Community Nursing

September 2014 – August 2018 External Examiner for the RCSI, Dublin

May 2014 Invited to be a member of the EWMA Education Committee and appointed Chair of the EWMA Teacher Network Committee.

January 2014 European Wound Management Association – member of the working group for the EWMA Physicians Curriculum.

2011 - to date Reviewer for the Journal of Wound Care and International Wound Journal

May 2011 European Wound Management Association – invited member of the Teacher Network

January 2011 – to date Member of the International Skin Tear Advisory Panel

August 2011 to date Invited Reviewer for the International Wound Journal

January 2008 Review of NHS Clinical Knowledge Summaries (Venous Leg Ulcers)

December 2007 Appointed by NCCC (Wales) to write a position paper on the Management of Patients with uncontrolled local disease in advanced breast cancer

December 2007 Review of Wounds West Core Module for Australian nurses

November 2007 Review of manuscript for the British Journal of Nursing

November 2007 Member of Learning and Teaching Committee for the Healing Foundation

June 2007 Appointed as External Examiner for the University of Stirling, with responsibility for modules NUR201, NUR204 and NUR181

2004 STEP (Surgeons in Training) Programme Distance Learning Module – module writer

April 2004– External Reviewer Diploma Level Wound Care Module, Homerton College, Cambridge

2003 Website Review for ConvaTec

August 2003 - Attendance at Nursing Standard Awards as a judge

July 2002 Video project for Smith &Nephew

May-June 2002 Development of educational material for 3M website

November 1999 Visiting Speaker at launch of Wound Training Centre, Prague

June 1997 – to date delivery of teaching sessions for industrial partners related to wound dressing and devices.
